Children's Museum OF RICHMOND

CHAPERONE PLAY GUIDE

Thank you for choosing to lead a group today at the Children's Museum. Children aren't the only ones that can have fun at the museum. There are so many ways for you to participate in learning through play while also ensuring safe behavior.

A few ways to encourage learning through play

Tire Tower

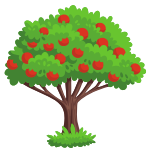
How many tires can you climb? Can you reach the top?

Harvest

Pretend to be a farmer and grow your crops to sell at the market.

Apple Tree

Count how many apples you can collect in one minute.



Art Studio

Make something using only recycled materials.

Vet Clinic

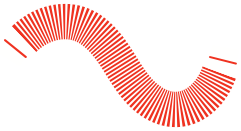
Treat your pet patient by giving it medicine and an x-ray.

Wegmans

Take turns being the customer and the cashier.

Sun Tubes

Can you control where the scarf will come out next?



Transportation Station

Act like a firefighter or ambulance driver to help your community.

Safety Reminders:

- Refrain from using cellphone.
- Keep group together at all times.
- Maintain safety ratio of 1 adult per 5 children.
- Help children re-set items before leaving exhibits.
- Remind students to walk.
- Trip groups are too large for the Enchanted Forest (3 yrs & under) exhibit.

Look for our "Exhibit Guide" holders located on the exhibit walls for more ideas on how to foster an environment of PLAY within your group.

Thanks for coming today!
