

Please return to exhibit holder when finished

# Bright!

*Tips for caregivers to help kids learn*

*through play!*

---

## Talk

- Talk about how colors can affect how you feel.
  - What color makes you happy? Sad?
- As you play together, take turns selecting your favorite color and sharing why you like it.
- Read the wall signs aloud to deepen understanding.

---

## Play Together

- Use the Everbrite Wall to create shapes, designs, or patterns by twisting the disks!
- Build communication and teamwork skills by creating together at any of the exhibit zones.
- See if you can sequence the Lite Brite or Everbrite to match the rainbow (ROYGBIV) .

---

## Explore

- Look for your favorite color in other exhibits as you explore the museum.
- Notice how light changes in different spaces (try the dark cave or the bright areas under the sky lights ).

*Ideas to Learn Together Throughout the Children's  
Museum*

- Let your child lead the way
- Ask open-ended questions that require more than a "yes or no" answer
- Let your child do the work
- Encourage safe risk-taking

# BRIGHT!

Use light to play, build, and create patterns  
all while exploring a broad spectrum of  
color!
