Children's Museum OF RICHMOND

CONTINUE THE LEARNING

Thank you for spending time with the Children's Museum of Richmond. We hope you enjoyed your educational program, My Five Senses!

To encourage learning to continue after your CMoR program, we invite you to explore these supports to deepen students' understanding of the five senses.

LESSON EXTENSIONS

- "I Spy the Five Senses" Search and Find (included below)
- "My Five Senses" Bingo Activity (included below)

EXTRA RESOURCES

"Senses Nature Walk" Nature Museum of Chicago, Illinois
Follow along on a virtual nature walk and use your senses to observe what's going on outside!

ACTIVITY INSTRUCTIONS

"I Spy Five Senses" search and find

Use the activity sheet as a tool to find things in your environment (teacher's choice: try your classroom, lunch room, recess time, or a combination of a few) that you can see, hear, touch, smell, and taste!

Different ways to play:

1. Set a timer (5-10 min) and see how many things the students can find and write/draw in the boxes.
2. Complete the activity together as a class. Teacher can propose challenges like: "I Spy... something in the room that you can touch that is the color blue" or "I Spy... something in the room that is fuzzy and furry." Children write down the answers of what they find on the activity sheet.

“My Five Senses” Bingo

Use the activity sheet as a tool to help students explore and apply their understanding of the five senses through peer interaction. Students will move around the room to find classmates who match each description on the bingo board, then record that person’s intials in the corresponding box.
